FIRST IN RESULTS TO ADVERTISERS

NUMBER 39

St. Peter's Minstrels To Be Presented Three Nights Starting Sun.

Seventy-two Persons Will Take Part in Entertain- ment This Year

Final rehearsals are being held for the St. Peter's minstrel show which will be presented in the parish auditorium Sunday, Monday and Tuesday of the coming week.

The senior and junior minstrels combined will have 72 characters. The show is produced and directed by Mrs. Ralph Thompson, assisted by Father Gilbride, Mrs. Art McGreal, and Mrs. Wilfred Biron.

Sidney Gover will serve as senior interlocutor and Pat Quilty as junior interlocutor.

The senior end met are Otto Klass, John Runyard, Bill Chase, Irving Walsh, Charles Cermak, Jr., and Clark Kohler. Cermak will sing, "1000 Isle Song," Bob Eppers and David Arthur are billed as skeltons, Yvonne Lux will dance and Sidney Gover will have charge of the traveling microphone.

Of the junior group Don Masopust, Ray Eppers, Jim Osmond, Bob Weber, Dennis Kennedy, Tom McGreal, George Masopust, and Jerry Quilty will be end men.

Specialties will be provided by Rozanne McGreal, Marty Quilty, Betty Freund, Allen Masopust, Marshal Haydon, Kathleen and Mary Cranley and Ray Eppers with Weber, Quilty, Kennedy and McGreal doing a soft shoe dance.

Because there were not enough showings of this popular entertainment last year there will be three showings this year. There will be a matinee for the children at 2:30 p. m., Sunday with a reduced price.

Antioch Nips Grayslake, Loses to Northbrook in Opening Baseball Tilts

Grant Wins Class B Relays At Palatine—Pappooses Are Winners

Antioch High school's return to baseball has seen one game won and one lost so far.

The season opened last week with a victory over Grayslake by a score of 10 to 5. Because of the wet grounds at Grayslake the game was transferred to the Warren Township High school ground. Poulos, Crawford and Appanatis formed the local battery.

Loose fielding lost the game at Northbrook Tuesday by a score of 4 to 1. Northbrook had but one earned run, scoring one in the first inning, two in the second and one in the third. Thereafter Poulos held them scoreless. Antioch went to the seventh without scoring and then on doubles by Riedel and Conrad prevented a shutout. The result was Northbrook 4 runs, 6 hits and 2 errors; Antioch 1 run, 3 hits, and 5 errors.

The varsity will play Ela at Lake Zurich today.

In track the Sequoits made a poor showing at the Palatine relays which in class B was won by Grant through its star, Fred Becker. Becker won the broad jump, 100-yd. dash, and sparked four of the relay teams.

The Sequoits handicapped by the absence of Kraft and Mattson who were ineligible because of grades, got but six points. Buchta, Wilton, Reidel and Miller got fourth in the 320 high hurdle shuttle relay and January got fourth in the mile.

The Freshman-Sophomore track team ran away with the meet with Zion. The score was 78 to 26. Antioch got first in every event but the pole vault.

Thursday the underclassmen will engage Barrington there.

Rescue Squad Members See New Truck Under Construction Monday

Three members of the Antioch rescue squad, Herman Holbek, Walter I. Scott, and Charles Laursen were in Stoughton, Wisconsin Monday to oversee construction of the new squad truck which is under construction there. Since the truck will be a tailor-made proposition it will be necessary for the committee in charge to make frequent trips to the factory to give additional instructions from time to time.

They were well pleased with the work done thus far and expect the completed truck to be delivered in about a month.

Fine Spring Weather Favorable to Farming And Resort Business

Warm weather with occasional showers has been quite favorable to farming in Antioch and vicinity. Only where the land was so low that water stood in it was there any delay in preparation of ground for oats. The dry weather for a few days permitted the farmers to get into their fields and now the showers are permitting the oats to sprout.

The pastures are showing up nicely.

On the other side of the picture is the fact that the warm weather has brought many city people to their summer cottages and the village is living for its heavy summer vacation trade. Not until the close of school and after Memorial Day will the crowds really come.

Firemen Attend County Meeting as Guests of Abbotts, North Chicago

Antioch's fire department was represented at the Lake County Firemen's association monthly meeting at North Chicago Monday evening in which the firemen were told that Lake county is the first in Illinois to establish full rural fire protection.

With protection arranged in the Winthrop Harbor area, there isn't a part of the county that is not protected in some way.

Abe Gent, member of the Illinois Inspection bureau said that 10 years ago only three rural areas were served in Illinois; now 250 are served. He ascribed this country's advancement to the growth of residential areas in rural sections.

M. C. Gates and four other representatives of the Bell Telephone Co., discussed mobile telephone service such as now used at Northbrook. A wireless telephone is placed in the fire truck and the truck can be directed from one call to another from a central point.

"The difference between the two-way telephone service and the two-way radio is that with the radio one uses the loud speaker and microphone and in the case of the telephone regular telephone conversation is employed. With radio the equipment must be purchased and served by the fire company; with telephone there is rental and not ownership like any other telephone service. The cost is \$22.50 a month. The next meeting will be the annual county convention at Round Lake, May 22.

Willmot Music Winners To Enter State Contest At Madison on May 22

Two of the 22 students from the Willmot High school who won places in the district solo ensemble music contest at Whitewater, Wis., recently, will go to the state contest at Madison, Wis., May 22.

They are Helen Stockwell, who won first in class C saxophones, and Joanne Schnurr, winner in class B snare drums.

The students are from the music department directed by Miss Bessie Barnes.

Besides the winners named, others who won at the district contest are: Mary Lou Minshall, class B saxophone, first; Annette Hunton, second in class C saxophones.

Flute—Mary Lou Scott, first, class C.

Clarinets—Argla Panknin, and Beverly Griffiths, third, class B; and Joyce Stoxen, first, class C.

Cornet—Robert Beland, first, class A.

Twirling—James Ellis and Lou Ann Krohn, first and second, class C.

Vocal—Helen Thompson, second, class C soprano; Marie Epping, third class C, mezzo soprano.

A triple trio competing in class C placed second. The nine girls are Joan Vogel, Loraine Willems, Katharine, Selear, Arlene Roanhouse, Marilyn Meyer, Margie Stoxen, Clairella Schultz, Jean Roanhouse and Betty Neinhause.

Attend Lighting Conference
President W. K. Hills, Elmo Edwards and Mrs. Helen Osmond of the Antioch Township High school board attended a school lighting demonstration at Oak Park Tuesday evening. The exhibit was provided by the Public Service Co. of Illinois.

T. B. Mobile X-Ray Unit Will Be Brought Here for Free Service

Adults as Well as Children May Be Checked for Signs of Disease

Tuberculosis examination by x-ray for all persons in Antioch and vicinity who want it will be provided free of charge by the Lake County Tuberculosis association through its mobile unit which will come here at a date yet to be announced.

The plan is a unanimously approved project of the Antioch Lions club, which has agreed to give its full support.

The unit will be located on the Shell Oil lot on Lake st., just off Main st.

The school children in Antioch and surrounding villages are being given the tuberculin tests and all positive reactors will be given x-ray examinations.

While the Mobile x-ray unit is here for that purpose the privilege of tests will be given the public. Last winter at Deerfield during the worst day of the winter 385 persons were x-rayed.

Should the person with a positive reaction show an active case, recommendation for treatment will be given. Cases of tuberculosis caught in time can easily be cured. Many persons may have a touch of it without being aware of the fact. Some examinations show that cases have existed and nature has effected a cure without the person knowing it.

Ehrhardt's Resort Wins Tavern Bowling Trophy; Business Men Finish

The Antioch Tavern League bowling season came to a close last Monday night with Ehrhardt's Resort the winner of the trophy by a narrow margin.

The two business men's leagues will finish this week dropping the curtain on 1947-48 league bowling. The standing of the Antioch Tavern League was:

	Won	Lost
Ehrhardt's	59	41
Thompson's	58	41
Thor's Club Villa	55	44
Antioch Recreation	53	46
Bud's	53	46
Joe and Helen's	52	47
Hans and Mabel's	50	49
John and Joe's Place	46	53
Sorenson's	45	54
Pikeville	42	57
Pagels'	41	58
Anderson's	39	50

The three high team series went to 1st Thompson's Tavern 2752, 2nd Ehrhardt's 2718, 3rd Joe and Helen 2712. The three high team games went to 1st Bud's Tavern 1005, 2nd Joe and Helen's 1102, 3rd Sorenson's Tavern 996. The five high individual series went to Tom Griffin 635, Len Fischer 629, H. Jarvis 681, Geo. Bell 616 and Henry Grewe 606. The five individual high games went to L. Thayer 279, George Bell, R. Strometz and C. Kempf all tied with 245. Wm. Dunworth and Henry Grewe tied with 244. Leonard Fischer of Ehrhardt's team won a bronze medal for a 629 series with all three games being over 200.

Wednesday Business Men

The wind-up of the league's bowling season will take place on the 27th and 28th, to be followed by the sweepstakes the following week. From here it looks like the Louie and Ed quint are in as they are leading by three games with six more to be played. To be safe they better begin to get serious for the Weber Duck Pluckers are of a mind to wind up at the top.

The last week's matches showed Peterson's Food Mart won 3 from Louie and Ed. Blumenschein, 532. R. Quendenfeld 543.

Weber Duck Pluckers, 2, Nelson's Grill 1. L. Armstrong 537, V. Burnette 475.

Golden Glo Dairy 2, Lake Co. Sheet Metal Works, 1, T. Koch 537, C. Weber, Jr., 471.

Schneider Bros., 2, Lake Villa Electric 1, W. Schneider, 518, McTavish 538.

R&J Chev. Sales 3, Channel Lake Pavilion 0, Martin 505, Burns 427.

American Legion 3, Miller's Insurance 0, Pelz 509, J. Miller 483.

TO HER MAJESTY

Antioch Lions Club Approves Fishing Rodeo in Chain Of Lakes Region Sponsored by State Dept.

What promises to be the greatest fresh water fishing rodeo ever conducted will center this summer around the Antioch region of the Fox Chain O'Lakes.

The contest, sponsored by the Illinois Department of Conservation, won the wholehearted approval this week of officials of the Antioch Lions Club.

Among the thousands of game fish to be released by the Conservation Department in the Fox Chain will be hundreds bearing aluminum tags in the gills. Each tag bears a number and each tagged fish caught will win a valuable prize for the fortunate angler. These prizes range from boats, outboard motors, cash, rods and reels down through other outdoors equipment including fishing jackets, boots, waders, campstoves, lanterns, lines and lures.

Should Increase Business
Realizing that the contest will bring additional thousands of out-of-towners into Antioch and surrounding communities and thus become a boon to business interests, Antioch Lions leaders gave the event their stamp of approval at a dinner tendered by Ray and Louis Pregrezer in the popular Pregrezer Resort on Grass Lake.

Attending the dinner meeting were President Edward Jacobs, Past president Harry J. Krueger, Dr. D. N. Deering and Edmund Vos and Bill Marks, George Wagner, Danny Boyer, Bill Brook, and Arthur Trieger. Details of the contest were explained by A. J. (Tony) Maggio, assistant chief inspector of the Conservation Department in charge of the Chicago area and Jack Little, in charge of public relations of the department in this district and former Herald-American executive who engineered the great Oscar and Fanny contests which won renown throughout the country.

Fox Lake To Give Prizes
The Antioch area will have stiff competition from the village of Fox Lake, where a committee headed by Mayor Arthur J. Amundsen and members of the Chain O'Lakes Sportsmen's club already is collecting cash and prizes for the great contest.

The tagged fish will be released in practically all lakes of the Fox Chain over the weekend of June 12-13. The contest will start officially June 15, opening date of the bass season in this zone, and continue until September 15.

The awards are posted by resort owners, business men, tackle manufacturers, clubs and civic organizations, etc. Individuals in this area wishing to contribute awards should contact officials of the Antioch Lions Club or the Chicago office of the Conservation Department, 160 North LaSalle Street, Chicago 1.

Prize fish may be taken either on live or artificial bait, but they must be taken by rod and reel or hook and line, and so attested.

Must Have Tag in Gills
When a tagged fish is caught it must be taken to an accredited Department of Conservation field man, an official of the Antioch Lions Club or the Chain O'Lakes Sportsmen's Club or to the Chicago office of the department.

The fish must be shown with the tag in its gills. After removal the tags are absolutely valueless. This provision, of course, is made so that fish killed by motorboat propellers or otherwise unnaturally destroyed shall be excluded from the rodeo.

The contest is open to all persons, men, women, boys and girls, with the exception of Conservation Department employees and members of their families. Size of fish caught makes no difference. With the tag system there can be no ties.

Fish to be entered in the contest in the Fox Chain area will be tagged by trained fishery officials at the Spring Grove State Hatchery under the personal supervision of Conservation Director Livingston E. Osborne.

County Fair to Be August 6, 7 and 8 At Libertyville

The Lake County fair will be held at Libertyville this year. This decision was reached at a meeting of the fair board Tuesday evening at Grayslake. A committee from the Libertyville Chamber of Commerce was present at the meeting and succeeded in getting the fair board to move the fair to Libertyville.

The fair will be at Memorial field which is well located and has flood-lighting, water, plenty of parking space, and other conveniences, which were not to be had at other sites under consideration.

Large Crowd to Attend
4-H Rally at Grayslake
A large number of 4-H club members, parents of 4-H members, and friends are planning to attend the 1948 4-H Club Rally Program at Grayslake Grade school auditorium on Friday evening, April 30, according to Ray T. Nicholas and Helen Volk, farm and home advisers.

The program will begin at 8 p. m. and will consist of songs, games, dancing, colored slides and motion pictures, and refreshments.

An award will be presented to each 1947 member who brings in a new member for 1948. Also, each boy and girl who brings in the most new members will be presented with a special award.

Village Board Will Hold Special Meeting to Issue Tavern Licenses

Successor to Fire Chief Clete Vos Will Be Recommended

A special meeting of the village board will be held tomorrow evening to take care of the renewal of licenses and other matters that must be transacted before May 1.

President George B. Bartlett said that the special meeting would in no way affect the regular meeting which will be held next Tuesday.

Resignation of Clete Vos as chief of the fire department is expected to see a recommendation made at this meeting. Vos is said to have asked that he not be re-appointed because the pressure of business prevents him taking active part.

It is expected that a report on the progress of the new fire station will be made. The excavation is about completed.

50 Antioch Students Will Participate in Music Festival May 2

Fifty Antioch High school music students will take part in the Northwest Music festival at Wauconda Monday evening.

They will go there for practice Sunday afternoon and again on Monday afternoon, remaining for lunch and the evening program.

Most of the local students will take part both in the chorus and in the orchestra.

More than 400 students from the eight schools are expected to take part in the festival. Instead of competing, they will form a large chorus and a large orchestra in singing and playing numbers all schools have been practicing.

A Chicago music school teacher will be the director.

Antioch Legion Squad Aids at W. F. Erickson Funeral in Chicago

The body of William F. Erickson, son of Mrs. Clara Kelly, of Round Lake was moved to his final resting place in the military section at St. Joseph cemetery River Grove, Ill., last Friday morning.

The veteran returned from overseas burial was given a navy escort during the procession from the funeral parlor, 4332 Elston ave., to the St. Edwards Catholic church, Chicago, where the service was held.

The Antioch Legion post furnished the firing squad and Chief John T. Cerjanec, U. S. N., with 20 years of service, said the Antioch squad was so perfect it should be an example to other Legion posts.

Mrs. Kelly and her two sons expressed their appreciation to Commander Edward Frazier and to Everett Hatfield, Dist. Jr. vice Commander and the Legionnaires for their services.

County Tavern Keepers Form Organization Here

Tavern owners of Lake county have been organized through a charter granted by the state placing Antioch Rte. 2 as the headquarters.

As a non-profit organization the association was formed to "bring about a better acquaintance of persons interested in the liquor trade." George A. Standcliff, V. M. Murphy, and Harry Conrad are listed as among the organizers.

Lightning Kills Two Cows at Wells Farm

Two cows were killed by lightning in an electrical storm early Tuesday of this week at the Curtis Wells farm east of Antioch. The bolt struck the electric wiring which was lately installed in the barn, and followed the wires into the building. Other damage about the place was limited, but the telephone was also put out of service.

Closed Season on Bass
Bass fishing in this area will enter a closed season starting midnight tomorrow and will re-open June 15.

Following The Pattern

The people of the United States are 100 per cent against the oppression and brutality of dictatorial government.

Recent figures indicate that 80 per cent of Federal budget for this fiscal year is in payment for past wars and the maintenance of our present military establishment—and that 85 per cent of our total Federal budgets since 1915 have been for war, or preparation or payment for war. All of this has been in support of America's conception of the cause of freedom. But within the past decade nations have withstood merciless military assaults, usually with America's assistance, only to undergo political and economic changes which destroyed the peoples' freedom just as effectively as if the military attacks had been successful.

Even now our own country, fresh from military victory against dictatorship, has calmly adopted, or is contemplating extended Federal authority over the affairs of private citizens that in the long run will menace our freedom. Such extended authority is cloaked in fine humanitarian objectives that are difficult to criticize. A perfect illustration is the Federal hydroelectric power program which is viewed with favor by many so-called "liberals." This program has gone far enough in certain sections of the country to demonstrate its practical effect. The Pacific Northwest, a number of states in the Southeast, as well as other areas, are now utterly dependent upon government appropriations for an essential resource, electric energy, and the development of local industries. Local power companies have either been put out of business or restricted in normal expansion. These areas of socialized electric power now have a vested interest in government. Securing public money has become a matter of expediency. They are like rotten spots in an apple. They can no longer be counted on to resist the trend toward state socialism in the United States.

The ultimate future of representative government in this country thus becomes a mathematical proposition. As long as there are enough people in large enough sections of the country, who have not fallen under government control and the spell of public charity, to offset the destructive influence of the Bonnevilles, TVAs, REAs, Southwestern Power Administrations, etc., our old American ideals to which everyone pays lip service, will continue to survive. It is a test between self reliance and freedom-destroying bureaucracy that brings dictatorship.

The Fight Continues

It seems clear that retail merchandising has just about gone the limit in paring its profit margin in order to reduce prices, or to prevent or minimize price increases. All kinds of stores, including the chains and the independents, have voluntarily reduced their mark-ups in the last year. In many cases, the margin between an overall profit and loss is very thin.

This does not mean that retailing will in any way relax its fight against inflation. It won't. But it does illustrate the fact that your storekeeper, whether he has a big organization or a small one, is severely restricted in his ability to do anything about retail prices. He must pay the going wholesale prices—and he must pay the going scale of wages, rents, taxes and everything else.

What the retailer can do is to avoid stocking over-priced goods, work with manufacturers in producing goods of given qualities at the lowest cost, and operate on as small a unit profit as business safety and survival permit. Progressive stores in every community are doing all this. And the result, whether we know it or not, has been to save consumers enormous sums of money.

Consumer resentment against retailing makes no sense—as the Congressional investigation of the price situation which was carried on last winter proved. The Congressmen participating were tremendously impressed by the fact that not a single instance of retail profiteering was produced. To the contrary, all the evidence indicated that retailing has been one of the most aggressive and effective forces fighting on the consumer's side.

* * *

The Low Down From Hickory Grove

More and more I get dubious about where we are coming out—this U. S. A. I mean—this land of the free and easy. This prodigal goings-on of our boss-men in Govt., it is past being something to shrug off. Every page in the paper tells about more cash being dished into this or into that—no end.

Today there are 2 items. One is for \$43,431,000 for the Hungry Horse power house in Montana, and the other is for a 64,000,000 bucks loans to the UN for a new building. And it is a 100 to one shot that neither of the loans will ever be paid off. A typical day, I call it. But some of these times we are going to get the feeling that the camel had on that final day when the last straw was piled on—and his legs buckled. The wait may not be too long.

But there is always a hope that maybe Mr. Massachusetts's Joe Martin or that old Virginian gent, Mr. Byrd, or some other level headed person who figures that the U. S. A. is still worth saving and knows how to wrangle it, will be our next boss-man. There is no law against hoping—so folks, join in, let's hope—also vote.

Yours with the low down,
JO SERRA

WILMOT

Mr. and Mrs. Martin Zarnstorff, of Milwaukee, were Sunday supper guests of Mr. and Mrs. Frank Zarnstorff, Sr.

Mother of Nine Says Triplets Are 'Lovely'

Women Enthused Over Second Set of Three

SYRACUSE, N. Y.—Mrs. Margaret Walker, 40, looked up at a picture of her second set of triplets from her hospital bed here and cried enthusiastically: "They're lovely."

Asked whether she knew which among the three babies in the picture was the boy, Mrs. Walker correctly replied, "Yes, the middle one."

The state department of vital statistics places the chances of a woman having two sets of triplets as high as one in 98 million.

The triplets were delivered by Dr. Stewart Bauman, who brought the Walkers' first set into the world April 21, 1943. In addition to the two sets of triplets the Walkers have three older sons.

During Mrs. Walker's convalescence the father, Michael S. Walker, 42, cared for the other members of the family. He went shopping while the four-year-old triplets were staying at a neighbor's home.

Hospital authorities reported that the triplets weighed 17 pounds 2 ounces at birth. All three were placed under an oxygen tent as a precautionary measure but were removed after a short interval.

The Walkers, purchasing their four-bedroom house on his \$50-a-week salary as a factory repairman, are natives of Ireland. They met in the United States. Mrs. Walker came from County Kilkenny in 1926 and her husband left County Mayo for the United States a year earlier.

'Look Before You Leap'

He Doesn't; Gets Dunking

PENNSVILLE, N. J.—Dennis Donovan, 32, Wilmington, Del., boarded a New Castle ferry and suddenly decided he didn't want to make the trip.

He leaped off the ferry towards where he thought the dock was and landed in the icy Delaware river.

During the time that Donovan was making up his mind the ferry had pulled away from the dock.

He was treated for exposure after being fished out of the water.

11-Year-Old Boy Genies

Composes New Symphony

TALLAHASSEE, FLA.—Sixth-grade, sandy-haired, wide-eyed Ryan Edwards, 11, of Quincy, Fla., has just completed a new symphony, "The Emperor's New Clothes," which will be presented by the Florida State university orchestra.

Acclaimed by Dean Karl Kuersteiner of the Florida State university's school of music as a genius, Ryan was accepted as a special music student. He travels 25 miles from his home to the university once a week for his lessons.

Ryan, who has been composing since he was 8, started his family by picking out an original tune on the piano after he had had only a few lessons.

The youngster doesn't know just how he happened to start a symphony.

"Gosh, I don't know. I just did." His grandmother, a music teacher of many years experience, instructed him for about eight months until it was evident he had outstripped her knowledge.

He studied independently for a year and a half. Then his parents, urged by friends, brought him to the university.

New York Seeks to Legalize

Beauty Parlors for Its Men

ALBANY, N. Y.—A woman legislator here advocated a New York State law to make it legal for men to patronize beauty parlors.

Assemblywoman Genesta M. Strong said that if men "want to go to beauty parlors for treatments they should be able to do it within the law."

The legislator reported that while talking to a hairdresser about scalp treatments for balding men she facetiously remarked:

"I suppose some men feel they need permanent waves, too."

"That's true," replied the hairdresser, "and some men even come here to have their eyebrows plucked."

A year-old state law requiring licenses for beauty parlors prohibits hairdressers from working on any but female heads.

Museum Visitor Hides Under

Lincoln's Bed to Get Guns

CHICAGO.—Museum guards at the Chicago Historical society museum now even look under Abraham Lincoln's bed before locking up for the night.

The guards decided it would be wise when Roger Anderson, 34, arrested after a streetcar motorman complained he had been waving two pistols menacingly, admitted he obtained the weapons from the museum.

He hid under Lincoln's bed and when everybody left, broke into one of the gun cases.

Higher Oil Costs

Known reserves of record proportions assure a continuing supply of petroleum fuels and lubricants, yet higher prices must be expected, the SAE annual meeting was informed. Even with current domestic consumption exceeding five million barrels daily, reserves are larger than at any other time, but the greater effort required to recover crude oil and to convert natural gas and coal into liquid products necessitate higher prices.

Farms Free of Debt

Evidence of how prudently American farmers handled their boom income of recent years is contained in government figures on mortgaged and unmortgaged farms. The study indicates that 7 of every 10 of the nation's farms are now owned free and clear, a substantially better showing than in prewar years. Debt repayment has been voluntary and is another sign of the marked gain in the financial well-being and security of the average American farmer and his family in the last few years.

Turban Has Its Uses

To Western eyes the turban appears to be a complicated headgear, more picturesque than useful. But that is not the case. In the bitter winter of the Asiatic plains it is wrapped around the head loosely and the ends tied around the neck to provide both a warm cap and muffler. In the dry, sunny summer it is wound to provide a shading peak over the eyes and the loose ends are used to protect the nose and mouth from swirling dust, World Book encyclopedia reports.

Made Sandwich Glass

Provoked because he couldn't see through a frosted store window, C. D. Haven, a refrigeration engineer, had a "hot" idea one cold morning. His idea led to the invention of thermopane insulating glass—a "sandwich" composed of dry air sealed between panes of glass.

Conversion of Milk

One quart of milk weighs 2.15 pounds. To make a pound of butter 9.77 quarts of milk are required, 4.65 quarts for a pound of cheese. One quart of milk is required for a pound of evaporated milk, 3.72 quarts for a pound of whole milk powder.

Rural Health Plan

The committee on rural medical service of American Medical Association has established committees on rural medical service in 31 states. This widespread recognition of the importance of rural health problem is shared by the organized farm groups. The medical and farm groups are working in close harmony in each state. The placing of facilities under the program will affect rural areas in nearly every instance.

High Snake Bridge

Highest bridge on any federal highway in the United States is the Twin Falls-Jerome bridge, which is 476 feet above the Snake river in Idaho.

Start of Television

Here is how television started. In 1873 a telegraph operator named May, at Valentia, Ireland, noticed that his instrument behaved erratically when the sun shone on his selenium resistors. The principle involved inspired several inventors to propose methods of picture transmission during the next few years.

Service Is My Business

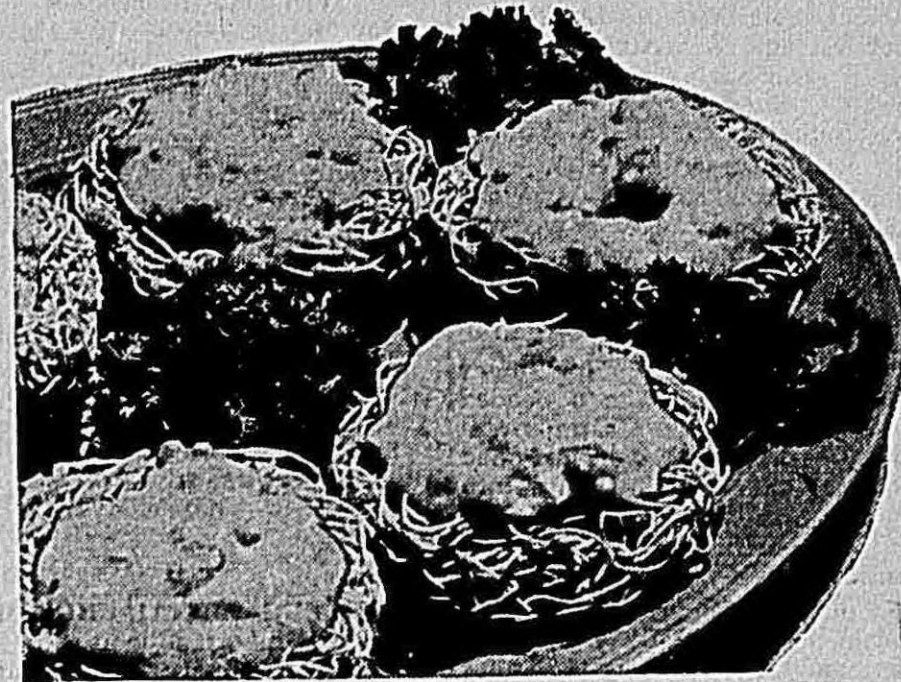

Rick Eckert

Early Atom Theory

Dmitri Ivanovich Mendeleeff, Russian chemist, and Julius Lothar Meyer, German chemist, in 1869 and 1871, advanced the periodic law of atoms, i.e., when elements are listed according to atomic weights, definite chemical and physical properties recur periodically as functions of the atomic weights.

Extraction of Oil

Research has made vast strides not only in the art of finding oil, but also in the extraction of oil already found. A few decades ago it was not unusual to recover only about 20 per cent of the oil in a new field. Today as high as 80 per cent is recovered and supposedly worked-out fields are again in production.

SIMPLY SUPER SUNDAY SUPPER

Creamed Chicken in Noodle Nests . . .
Made Delicious with Evaporated Milk

Evaporated milk is the food of 1001 uses. Appetizing sauces, gravies so wonderfully rich, cream soups, smooth, and full bodied. Yes, Evaporated milk gives you the goodness of milk, nature's best in food. Good to use . . . always handy. Get at least three cans at a time!

Try this recipe:

Make a cream sauce of:

- 1 1/2 tablespoons butter
- 2 tablespoons flour
- 1/2 teaspoon salt
- 1 cup chicken broth
- 1 cup Evaporated Milk

Add:

- 2 cups diced cooked chicken
- 1/2 pound sauteed mushrooms

And heat over boiling water until piping hot.

Serve in noodle nests, garnished with parsley and pimento bits.

Yield: 6 servings.

From its styling to its stamina . . .
from its road-action to its ride . . .

CHEVROLET-and ONLY Chevrolet- IS FIRST!

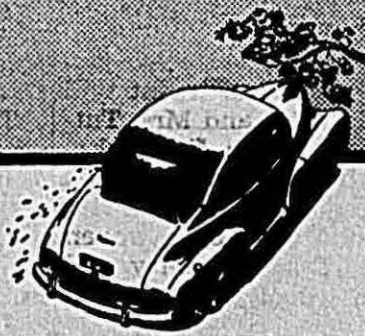

Nowhere else beauty like this New styling! New color! New upholstery! All this added to the basic Big-Car luxury of Chevrolet's famous Body by Fisher. Remember—this body is exclusive to Chevrolet and higher-priced cars.

You'll enjoy much greater comfort in Chevrolet for 1948. It brings you the Big-Car riding-smoothness and roadsteadiness of the Utilized Knee-Action Girding Ride. Another feature found only in Chevrolet and more expensive cars.

First in all-round quality in the entire low-price field!

How you and your family will enjoy ownership of this newer, smarter, finer Chevrolet for 1948! It brings you BIG-CAR QUALITY—not in one item only, but in every phase of styling, engineering and construction—and brings it to you AT LOWEST COST, as well. That is why more people drive Chevrolets, according to official nationwide registrations—and more people want Chevrolets, according to seven independent nationwide surveys—than any other make of car. That is why you, too, will agree that CHEVROLET AND ONLY CHEVROLET IS FIRST in all-round value!

Here's power, acceleration and dependability that will thrill the most experienced driver. It's the unique performance with economy of Chevrolet's Valve-in-Head engine—America's most thoroughly proved automotive power plant. Valve-in-Head engines, too, are exclusive to Chevrolet and costlier cars.

Just as you will find no equal for Chevrolet dollar-value, so you will find no equal for our authorized Chevrolet service. Safeguard your transportation by bringing your present car to us for skilled service, now and at regular intervals, pending delivery of your new Chevrolet!

Antioch, Illinois

SOCIETY EVENTS

Virginia Quoss Is Recent Bride

Miss Virginia Quoss, daughter of Mr. and Mrs. Herman Quoss, of Rock Lake, and William Lubkeman, son of Mr. and Mrs. August Lubkeman, of Antioch, were united in marriage Sunday afternoon at Peace Lutheran church in Wilmet, Wis.

The bride was escorted down the aisle by her father. Her gown was of white tulle with a yoke of illusion, long sleeves which came to a point at the wrists, fitted bodice with a full skirt which tapered into a long train. Her finger tip veil was fastened to a beaded Julie cap. She carried a satin covered bible with a single purple tipped orchid and a spray of hyacinth flowers. Her only jewelry was a string of pearls, a gift from the groom.

Her maid of honor, Miss Marian Nyström, of Crystal Lake, and her bridesmaid, Miss Dolores Gross, of Antioch, both wore matching gowns of aqua with bustle backs. They carried colonial bouquets of pink Briarcliff roses with headbands fashioned of the same flowers.

Eric Lubkeman, brother of the groom served as best man. Ray Lubkeman of Antioch and Harley Shottliff, of Wilmet, were ushers. "The Lord's Prayer" was beautifully sung by Mrs. Ray Forster, of Trevor, Wis., accompanied at the organ by Mrs. Marlin Schnurr, of Wilmet.

The bride's mother wore a navy print dress with a shoulder corsage of white gardenias and the groom's mother wore a black print dress with a corsage of white gardenias.

Following the ceremony a reception was held at Club Villa for the relatives and friends. Out of town guests were from Evanston, Chicago, Lombard, Woodstock, Crystal Lake, Fort Wayne, Ind., and Bristol, Wisconsin.

The couple left for a two weeks trip to the west coast.

FELTER-HOTCHKISS ENGAGEMENT TOLD

Mr. and Mrs. Virgil B. Felter of Lake Catherine have announced the engagement of their daughter, Joan, to Morton Hotchkiss, son of Mrs. Sara Hotchkiss of Oneida. She is a sophomore at Knox college and a member of Phi Beta Phi. He is a former Knox student and is a member of Phi Delta Theta fraternity.

METHODIST YOUNG ADULTS TO MEET SUNDAY EVENING

Young adults of the Methodist church will meet at 7:30 Sunday evening in the basement of the church for a buffet supper. Mr. and Mrs. Elmer Baethke will act as hosts for the evening.

The Young adults will continue their discussion of Emery Reeves book "The Anatomy of Peace" with Mrs. Richard Luedke and Mrs. Westleigh Carlsen as co-leaders. Those attending the meeting are asked to bring sandwiches while the beverage and dessert will be provided by the hosts.

PARENTS OF DAUGHTER

Mr. and Mrs. William Camphouse of Oak Park, are the parents of a seven pound, 12 oz. baby daughter, "Patricia Lee", born at the West Suburban hospital, April 23. Mrs. Camphouse before her marriage was Miss Alice Harvey, daughter of Mrs. Alice Harvey, Sr., of Antioch.

Miss Alice Donnelly, of Chicago, and Hollywood, spent Tuesday and Wednesday with Mrs. Fred Weber of Sand Lake. Miss Donnelly, for many years was a summer resident of Sand Lake.

SENIOR MYF TO HAVE EVENSONG

A service with natural color pictures of the Pacific Northwest will be conducted by Rev. and Mrs. Tuttle at the Senior Youth Fellowship on Sunday evening at 6 o'clock. The pictures were taken by the minister and his wife, and have been woven into a service of song, poetry and scripture. High school youth are invited.

In Flanders Fields
By Edgar A. Guest
(After John McCrae, 1918)
In Flanders Fields, the Germans go
Between the crosses, row on row,
Which mark the graves of Freedom's dead.

Great bombers battle overhead
And flame against the guns below.
We are your dead! Short years ago,
We gave our lives that you might know

Freedom and peace, and now we stir
In Flanders Fields.

Hear us once more. To battle go!
Hold high the torch! Destroy the foe!
Keep faith with us—land, sky and sea!
Set every captive nation free.

Then we shall sleep, where poppies grow.
In Flanders Fields.

The above was adopted in 1946 as the official poem of the V. F. W. "Buddy" Poppy Campaign. May 22 V. F. W. Poppy Day.

May 2nd at 7:30 p. m. at the Village Hall, Lake Villa, Ill. Everybody welcome, special music. Speaker, Mr. Dan Dunnett of Lake Geneva, Wis.

"CHRISTIAN AND THE ATOM"
Rev. G. Richard Tuttle of the Methodist church will speak on the subject, "The Christian and the Atom" at 11 o'clock worship service Sunday morning. The choir under the direction of Charles Watson will sing. A nursery for young children is maintained each Sunday morning during the worship service.

The annual meeting and election of officers of the Antioch Woman's club will be held Monday, May 3, at Our Country Club.

The business meeting will be called to order at 12:30, followed by a luncheon at 1 o'clock. Make reservations with Mrs. C. E. Hennings.

**INTERMEDIATES TO HAVE
SCAVENGER HUNT SUNDAY**

The Intermediate Fellowship of the Methodist church will hold a scavenger hunt Sunday afternoon starting at 3:30. The hunt will be under the direction of Bob Kufalk and Mrs. Luster Badger, the adviser. Later the young people will go to the home of Mr. and Mrs. Paul Howard for a weiner roast, returning to the church for an Evensong service under the leadership of Rev. and Mrs. Tuttle.

Last Sunday the local Intermediate group had the largest delegation of young people at the District Rally which was held in Libertyville.

Mr. and Mrs. Donald Bjork returned Sunday from a wedding trip to Chicago. A dinner was given in their honor at the Oakland Hotel Monday evening.

Card Of Thanks
I wish to thank the American Legion firing squad for their kindness to me in my deep sorrow.
Clara M. Kelly,
Round Lake, Ill.

Women's Bowling Teams Banquet at Club Villa Plan Next Year's Program

Members of the women's bowling leagues banqueted for their eighth year Tuesday evening, announced officers and planned next year's program.

The banquet was served at the Club Villa. The Handicap league announced prize winner and elected officers for the next season as follows:

Dorothy Ferris, Antioch, president; Norma Tiede of Lake Villa, vice president; Gertrude Dupre, second vice president; Lucille Waters, Antioch, secretary; Isabelle Cook, Antioch, treasurer; Mary Cook, New Munster, sergeant-at-arms.

The prize money was awarded according to the following finish in sequence: Bud's Tavern, Club Villa, Antioch News, Pagels' Tavern, Smith's Slide Inn, Golden Glo, Ehrhardt's Resort, U. S. Standard Products, Johnson's Tavern, Regal China, Chain O'Lakes Cleaners and Pickard China.

The major league elected officers at a previous meeting, placing Louise Fernandez, president and Dorothy Ferris, secretary and treasurer.

GIRL SCOUTS GIVE UP PLAN FOR SOLICITATION

The Girl Scouts of Lake Villa, under the leadership of Mrs. Herman Meinersmann, Jr., announce that their raffle is being called off and all money is to be refunded. The raffle was begun under a mistaken interpretation of National Girl Scout policy, and immediately stopped when it was found that the National Organization strictly forbids any soliciting by Girl Scouts. The troop, which is under the sponsorship of the Lake Villa Community Men's Club, deeply regrets the error.

Mrs. Meinersmann further announces that the regular weekly meetings of the Girl Scouts end on April 28, to begin again the second week in September. During the summer there will be occasional outings, some of which will be held jointly with the Antioch Girl Scouts.

Wilmot High School First To Present Van Druten's Play "I Remember Mama"

"I Remember Mama" will be presented by the Senior class of Wilmot High school on Thursday and Friday, April 29 and 30, at 8:15 p. m. There will be a matinee on Friday afternoon at 2:30.

John Van Druten's highly successful play has just been released from Broadway. This is believed to be the first high school presentation of "I Remember Mama" in the State.

The Play is directed by Arlene Hammetter.

The Cast includes:
Helen Stockwell, Mama; Frank Andrekus, Papa; Joan Vogel, Katrina; Joyce Richter, Dagmar; Betty Nienhaus, Christine; Kent Nielsen, Mr. Hyde; Dick Carey, Nels; Arlene Roanhouse, Aunt Trina; Jean Roanhouse, Aunt Sigrid; Marie Epping, Aunt Jenny; Lowell Benedict, Uncle Chris; Bill Trefz, Mr. Thorpe; Dick Krieger, Dr. Johnson; Jim Davis, Arne; Alice Gebhardt, nurse; Joyce Richards, another nurse; Dick Krieger, soda clerk; Argia Pankin, Madeline; Pat De Rome, Dorothy; Audrey Dvorak, Florence; Dana Moorhead; Dick Krieger, Bell boy.

Public Aid Commission Calls Conference to Discuss Financial Crisis

Judge Minard E. Hulse, chairman of the Lake County Public Aid Advisory Board, Ben I. Baillie, Waukegan, Lake County Public Aid Advisory Committee, and Mrs. Zeta Poff, Superintendent, Lake County Department of Public Assistance, will meet with members at the Illinois Public Aid Commission at an all-day conference in Springfield May 3.

The meeting will be held so that Commission members can discuss the state's public aid programs with county advisory board and committee members and with its executive staff who are responsible for the administration of these programs in each of the counties.

In inviting representatives from Lake County to take part in this conference, Edward L. Ryerson, chairman of the Commission, said:

"In these times of great uncertainty, it is imperative that we have from you a frank appraisal of public aid problems as you see them in your own county to help us determine what course we should take for the future. Unless conditions improve sharply we shall be confronted with deficiencies in our appropriations for Old Age Pension, General Relief, and perhaps also Aid to Dependent Children. Price levels, as they have been to date, have made it necessary to increase our budget allowance; we continue to face serious problems caused by lack of facilities and mounting costs

for nursing and medical care; and the forces making for social and moral disruption continue to create broken homes, causing dependency of children despite the success of corrective measures introduced during the past year in the Aid to Dependent Children program."

Among the subjects to be discussed during the conference are facilities for chronic care, working mothers and the Aid to Dependent Children program, the relation of the assistance programs to general community welfare, and what, if any, legislation should be recommended to the next Session of the Illinois General Assembly.

Grass Lake Property Line Disputed in Circuit Court

John and Elizabeth Lehman of Lotus rd., Grass Lake, have sought redress through the Lake County circuit court against Charles W. Halwig adjoining property owner for damming a stream so that it caused water to back up on their property.

They ask \$1,000 damage and petition the court to force Halwig to remove his building and well which they allege overlap their property as much as two feet in some instances.

Lake County Polio Unit To Have Annual Meeting May 19 in North Chicago

Roy I. Kufalk, local director of the March of Dimes drive will be privileged to attend the annual meeting of the Lake County chapter of the National Foundation for Infantile Paralysis at North Chicago May 19, when new officers will be selected.

Chairman R. P. Dromey and Secretary Joseph Zore will make reports on the recent drive in which the county raised \$34,137.70. The quota was but \$25,000.

Antioch in raising \$906.25 in contrast to \$573 last year shared in the success of the campaign.

The dinner meeting will be at Mrs. Wilson's cafe.

Had Antioch Guests

Mr. and Mrs. Frank Mastne of Pittsburg, Calif., have written that they enjoy reading the Antioch News and that they have had visits from a number of Antioch people this winter. Their guests included the C. E. Hennings, T. J. Wetzel, from Twin Lakes, Mr. and Mrs. William Rosing and Mr. and Mrs. Ted Smith. They enjoyed having them call.

Suffers Heart Attack

Fred Teckert suffered a heart attack Monday afternoon at the Kennedy Shell oil station where he was employed. He was taken to his home where his daughter, Mildred, a registered nurse, is caring for him. The Rescue squad gave first aid care. Teckert is reported improved today.

Fishing Bulletin No. 4

Compiled from reports of Conservation Officers in the field. "Now is the hour", for Spring fishermen in the waters of the Chicago area. Reports of Conservation officers tell of vastly improved conditions for practically all species of game fish for both casters and bait anglers.

Following the needed warm days and nights, black bass, crappie, bluegills and white bass have been hitting in many of the channels during the past few days on wet flies, minnows and worms.

Black bass of fair size have been taken in the north channels of Grass Lake and elsewhere on frogs and wobblers. Best spots for crappie and bluegills reported include Jack's Channels at Fox River Grove, Nippersink Creek, McHenry Dam, Maple Lake at 95th and Wolf Road, and practically all the ditches and channels of the Fox Chain O'Lakes. Many fishermen and few catches were the poor news from the Skokie Lagoons, Wolf Lake and Calumet Lake.

Prospects are reported good for the last few days of the black bass season, which closes at midnight Friday in the northern zone, and for northern and walleye pike, the season on which opens Saturday.

School Musical Program Friday Well Attended

The joint choral and band concert of the Antioch High school under the direction of Hans von Holwede was well attended Friday evening and was considered the best given of this nature to date.

The chorus provided the first half of the entertainment and the band the last half. There was dancing afterward.

Earl Brabandt Wins Music Scholarship Given by Club

Earl Brabandt, son of Mr. and Mrs. Earl Brabandt, Sr., of Channel Lake, has won a scholarship from the Egyptian Music Camp, sponsored by the Woman's Music club for students who are musically talented.

The scholarship entitles Earl to two weeks of camp life and study. He was one of 19 contestants and was chosen as one of four to receive the scholarship from this district.

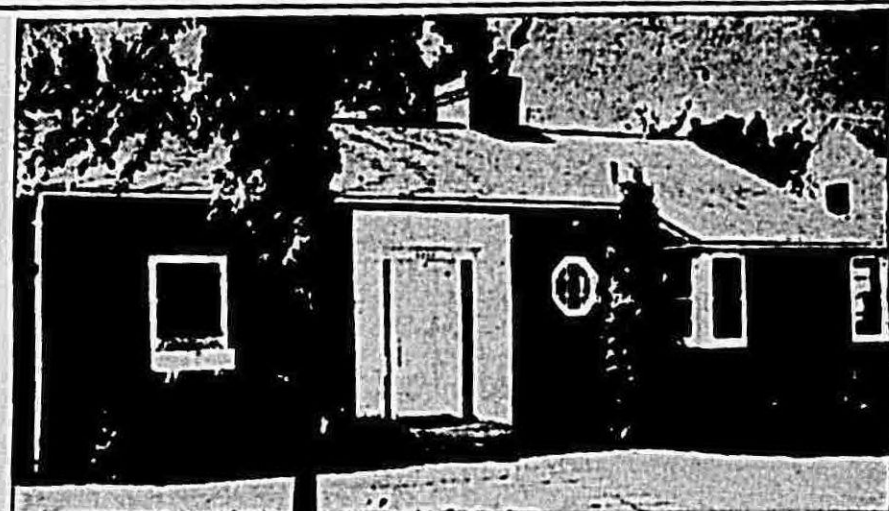

Electric Vacuum Bottle
An electric vacuum bottle, designed to bring a pint of water to a boil in a few moments, to shut off automatically and to keep liquid a few degrees below boiling indefinitely, now is available.

New County Vehicle Tags Now Available at Office Of Sheriff Atkinson Free

New county vehicle tags are now available at the Sheriff's office, it was reported today by Sheriff Walter L. Atkinson.

The tags are something new in Lake County and are issued only to those car owners who live outside of communities which have a city vehicle tag.

The tags are free of charge and can be obtained by filling out a registration card at the Sheriff's Office, Atkinson explained.

Chief purpose of the tag is to eliminate the possibility of car owners who do not need a city vehicle tag from getting a ticket from the city police.

The stickers will bear the inscription, "Lake County, 1948", and a serial number.

An applicant for a license must provide his name, address, and telephone number, color and make of the car, and the number of his 1948 state license.

Knitwear for Children

Knitwear deserves greater use in children's clothing, say clothing specialists. Its elasticity, making it fit closely yet allowing for plenty of freedom of action, and its lack of bulkiness, are advantages. Its insulating properties provide extra warmth in winter. Yet cotton knitwear, because of its porousness, is comfortable in summer, too.

Elmer J. Stickels Former Resident of Antioch Dies

Elmer J. Stickels, 77, passed away at the home of his son, Russell, at Grayslake, Saturday, following several months of illness.

Born in Antioch February 19, 1871, Mr. Stickels moved to Grayslake in 1919. He was formerly employed by the Standard Oil Company.

Survivors are his wife, Minnie, five sons, Russell, of Grayslake, Donald of Waukegan, Walter Frank of Bangor, Mich., Ben of Libertyville and Lyle of Ingleside; three daughters, Mrs. Blanche Graft, of Knollwood; Mrs. Gladys Hook and Mrs. Mabel Kurth, both of Grayslake; twenty-one grandchildren and eight great grandchildren.

Funeral services were held Monday at 2 p. m. from the Strang chapel in Grayslake. The Rev. Lincoln Y. Reed, pastor of the First Congregational church officiated. Interment was in Hillside Cemetery, Antioch.

Mail Bag Catcher

Railway mail cars in which mail is sorted en route are equipped with movable iron arms, called mail bag catchers, which are swung outward when the train is in motion to grab mail pouches suspended on mail cranes. They are operated by railway mail clerks responsible for collecting mail en route.

Scouts To Take Part In District Fair On Saturday

Antioch troop 91 of the Boy Scouts met Wednesday evening to put finishing touches on the exhibits and demonstrations which will constitute their part of the District Boy Scout fair to be held on Saturday, May 1, at Libertyville.

The local scouts will show exhibits and demonstrations of welding, riveting and metal work under the direction of William Horton, Jr., and First Aid practice under the tutelage of Dr. D. N. Deering. The scout orchestra from Antioch will also furnish music for the fair.

The boys and their instructors will leave by bus at noon on Saturday and will be ready when the gates of the fair open at 2 p. m. The fair will be open until 9 p. m. and all parents and other friends are invited to attend. The fair will be held at Libertyville high school.

Value of Soaps
Soaps have some germicidal power, especially when used with hot water, but this power is rather limited. Cleaning with soap and hot water kills some of the less resistant disease germs but the effect is largely mechanical through removal of dirt and infective material.

Congress to President
Nineteen former members of congress, not counting John Adams and Thomas Jefferson, who had been members of the Continental congress, later were elected President of the United States. Of the 19, six had served only in the house, six only in the senate and seven in both houses.

Compressed Air Blower
Substitution of compressed air for the lung power of the glass blower was one of the first industrial modifications of the ancient art of glass making. Later, the technique of glass making was revolutionized even further by development of the first machine for producing flat-drawn sheet glass.

Your Car Needs A Spring Check-up

EVERY CAR SHOULD HAVE A FRESH START FOR SPRING!

TUNE IT UP — TIGHTEN IT UP — POLISH IT UP — FOR PEP, SAFETY AND BEAUTY!

HERE IS WHAT WE DO:

COOLING SYSTEM DRAINED: Out comes winter-rusted water. Refill with fresh water.

COOLING SYSTEM INSPECTED: Hose connection checked and tightened . . . fan belt inspected and adjusted.

MOTOR OIL CHANGED: Dirty, used oil drained. Crankcase refilled for protection with clean, fresh summer oil.

GEAR OIL CHANGED: Dirty used gear oil drained out. Transmission and rear axle filled with correct grade summer oil.

CHASSIS LUBRICATION: with summer greases. All vital points protected for warm weather driving.

FUEL SYSTEM: Clean carburetor strainer and fuel pump bowl and adjust carburetor with vacuum gauge.

SPARK PLUGS CHECKED: Inspected for correct gap, burnt points and cracked porcelain.

IGNITION CHECKED: Distributor points and head cleaned and adjusted. Distributor bearings and shaft lubricated.

BATTERY and GENERATOR: Battery tested, terminals cleaned and tightened, cables inspected and distilled water added. Adjust Generator charging rate.

AIR CLEANERS SERVICED: Cleaners on carburetor and crankcase ventilator removed and elements washed of collected dust and dirt—oiled and replaced. Clean filter saves gasoline.

\$7.00

PARTS AND MATERIAL EXTRA

A Reverse Flush

is recommended in conjunction with the above operation. We also suggest protecting the cooling system with rust retardant—it stops formation of rust and prevents overheating.

Has your car lost its Beauty?

Do you want to renew its original lustre? . . . Then—bring it in and let us protect your car with our special weather-proofing process . . . Take out the dents . . . Touch-up the scratches and rust spots . . . Clean the Upholstery.

It's such a grand feeling to have a clean, sparkling car!

*Vat Dyed—won't fade

*Fine combed yarn—silky finish

WILLIAMS
DEPARTMENT STORE

LAKE VILLA

(Continued from preceding page)
Arthur Nelson gave his sister in marriage. Mrs. Olive Martin played the traditional wedding music. The bride has been in the employ of the Public Service Co., at the Lake Villa office for some time and has been a member of the choir at the Community church since it began. The groom is employed by the North-Western railroad and they expect to live at Northbrook. Mr. and Mrs. Repke, Sr., were guests at the wedding. Following a short honeymoon spent in southern Illinois, and points east, they will be at home to friends, all of whom join in wishing them a long and happy life together.

Last Friday evening a number of people gathered at the church for pot luck supper, and to hear Mr. Valentine Sherring, a native of India, who is attending Garrett Biblical Institute at Evanston, and is a classmate of Rev. Dwight Dixon. He told in a very interesting way of his home and the people of India. He is here for further education and expects to return to his native land where he feels that he can be of greater help than in America.

The April meeting of the Halcyon group was held at the home of Mrs. Beatrice Cribb, Thursday evening. Election of officers was held. The following were elected for the coming year, President, Mrs. Betty Reidel; vice president, Mrs. Helen Avery; recording secretary, Mrs. Delores Cremin; treasurer, Mrs. Mary Dixon and corresponding secretary, Mrs. Florence Whittaker. After the business session games were played.

Refreshments were served by the

hostess, Mrs. Cribb, assisted by Mrs. Virginia Herbst and Mrs. Evelyn Hucker.

Mrs. John Effinger stepped on a nail last Sunday evening and is nursing an injured foot at her home. Little Miss Barbara Rothers, of Chicago, spent last week with her grandparents, Mr. and Mrs. Albert Kapple. Her parents, Mr. and Mrs. Chas. Rothers came for her on Sunday.

Mrs. Delbert Sherwood's class in piano gave a recital at the school piano last Sunday evening and all did splendidly, showing good training. Members of the Warren High

school band also gave selections on the horn and cornet, adding to the entertainment.

Improves Television

In 1929 Daniel M. Moore made an improved television set. He previously had been granted 100 patents, many dealing with radio and television.

Prices for Good Horses

Top price for the sale of a Percheron stallion this year, as reported by Percheron Horse association, was \$1,500, while the top mare brought \$2,500.

Twin Waffle Baker

Among developments in electrical appliances is a twin waffle baker that makes two full-sized waffles at a time.

Uses for Sesame

Although sesame is a relatively minor crop, the seeds and oil have a variety of uses. In many parts of the world the seed is well known as an adornment on rolls and bread. It also is used in candy and soft drinks, as well as the oil being utilized in salad and cooking oils. Sesame also is used to some extent in margarine, shortenings, soaps and olive oil.

Roads in Iowa
Iowa has more than 9,641 miles of primary roads and 92,821 miles of secondary roads.

First U. S. Library

First library to be set up in the American colonies by legislative enactment was established at Bath, N. C.

Highest Temperature

The temperature inside a blast furnace is approximately 3300 degrees at the hottest point, while the temperature inside an electric furnace averages around 3500 degrees.

Springtime PEP for your car!

THINKING of getting out the old fishing rods and golf clubs, now that Spring's headed this way? That's fine. But remember—they're no use at all unless your car gets you there. So how about a thorough Engine Tune-up right now?

Our experienced engine men can make a tired old car act like a yearling. They use factory-approved methods and parts, and special labor-saving equipment that makes the job go fast and right. They'll go over your engine . . . checking, cleaning, tightening, adjusting, renewing.

You'll drive out in a car that's feelin' her oats andarin' to go places. And best of all, the investment will probably come right back into your pocket in a better trade-in price when you get your new Chrysler!

Antioch Servicenter

The
MIDWESTERNER

by Robert Casey
and W. A. S. Douglas

This is the story of Dwight H. Green, the Midwesterner who believes that the preservation of the pioneer spirit is the hope of America and the world . . . that the destiny of our country lies in its system of free-enterprise.

Read the story of how this great prosecutor cracked Al Capone's famous empire-outside-the-law and succeeded in the apparently hopeless task of sending him to a Federal Prison.

Dwight H. Green is a man who has guided the government of Illinois for the past 8 years with uncompromising honesty and integrity, a man "who cannot be bullied or bought, who understands the state's problems and does something about them."

Still echoing the quarterback spirit of college days the Midwesterner never hesitates to plunge directly into every job . . . calling signals yet still doing his share of the blocking and tackling. Remember his drive and skill in legislative battles over the Illinois soldier bonus bill and the Congressional reapportionment act? Where seven previous governors had failed for 46 years, Dwight H. Green succeeded.

THE MIDWESTERNER is a thrilling account of our own governor's meteoric rise from a struggling lawyer to the highest office in the state. Every citizen should read it.

LAKE VILLA

Next Sunday is Family Sunday, leading up to Mother's Day, and Rev. Dixon's sermon topic is "Christian Living Where It Begins." You are welcomed at the Community church worship service at 11 a. m., every Sunday. The adult Sunday school will hold its first meeting at the church on Wednesday evening, May 5.

Mr. Pruth McFarlin, tenor, will be at the church on Sunday evening, May 9 (Mother's Day) at 8 p. m. to give a concert of vocal selections appropriate to the day. Mr. McFarlin is a very popular singer and the public is invited. There is no admission but a free will offering will be taken.

Little James Leonard Anderson, son of Mr. and Mrs. Eugene Anderson, was baptized at the morning service at the Community church last Sunday and Robert Reinebach and Miss Betty Anderson, of Chicago were sponsors. Other guests at the Reinebach home during the day were Mr. and Mrs. Walter Reinebach, Miss Laura Reinebach, all of Chicago, Mr. and Mrs. John Leonard of Lake Forest and Mr. and Mrs. Fred Hodgkins, of Grayslake.

The Peacock Camp for crippled children, the former home of Mrs. Augusta Lehmann, has been sold to the Central Baptist children's home, which is taking possession immediately, and the home will be opened on June first with 42 children. More buildings will be added, as present facilities will not be adequate. Property includes a 15 room house, a caretakers' residence, a recreation hall, also stables and tool houses. It has been used as a Crippled children's home through the generosity of the Peacock family and the daughters, Mrs. M. V. Reynolds, Mrs. G. W. Reynolds and Mrs. W. W. Haerther are on the board of directors. The home will continue to operate on grounds near Crooked Lake where some improvements will be necessary. Many articles of various kinds not needed in the new location have been disposed of at public and private auction.

Mr. and Mrs. Wm. Peterson and sons and mother, Mrs. Louis Moody, of Waukegan, were guests last Sunday of the Leo Barnstable and Joe Batts families at their home.

Ground has been broken for the new garage for the Hucker sales firm and work has been done on the foundation.

The Woman's Society of Christian Service will have an all day meeting at the church on Wednesday, May 5, beginning at 10 a. m. to sew for the coming summer sale on July 7, so bring your needles and thimbles, also your own sandwiches, and the committee will take care of the dessert and coffee. There will be a sewing machine on hand.

Mr. and Mrs. John Sonnenberg and sons have moved to their new home north of the schoolhouse and Mr. and Mrs. V. J. Keeney have taken possession of their new home. The Sonnenberg home is being finished as fast as possible.

The Allendale Association has recently purchased the farm and home of Mr. and Mrs. Prindle, who are moving back to Chicago. We are sorry to lose them, but Allendale school will no doubt make good use

of the farm and home. Misses Mattie and Jessie Robb, Mrs. Fred Ransom and daughter, Marlan, of Montello, Wis., were guests of Rev. and Mrs. Dixon at the parsonage last Saturday and Sunday.

Mrs. Katherine Rhoades, who has been a patient at Condell Memorial hospital for some time has returned home, but has a nurse caring for her.

Mrs. Mary Hook and son, William, have moved into the rear flat above the Effinger hardware store and entertained a few friends there Sunday evening.

The Lake Villa Parent Teacher Association will sponsor a May dance at the school gym on Saturday evening, May 1. There will be square dancing as well as the familiar popular dances to the music of a good orchestra. Dancing begins at 8:30.

Mrs. Al Boehm entertained the ladies of the Sewing club at a luncheon at her home last Thursday afternoon.

Mr. and Mrs. William Weber returned last week after a very pleasant month spent in St. Petersburg, Fla., where they visited Mr. and Mrs. James Connell.

Mr. and Mrs. Don Summers and children have returned from a visit with relatives in Tennessee. Mrs. Summers and the children had gone earlier by train, and Mr. Summers drove down for them.

Mr. and Mrs. Paul Williamson are remodeling and enlarging their

store on Grand Ave., in the Villa Woods subdivision, and will have added facilities for their increasing trade.

The Girl Scouts of Lake Villa, under the leadership of Mrs. Herman Meinersmann, Jr., announce that their raffle is being called off and that all money will be refunded. The raffle was begun under a mistaken interpretation of National Girl Scout policy, and was immediately stopped when it was found that the National Organization strictly forbids any soliciting by Girl Scouts. The troop, which is under the sponsorship of the Lake Villa Community Men's club deeply regrets the error. Mrs. Meinersmann further announces that the regular weekly meetings of the Girl Scouts ends on April 28, to begin again the second week in September. During the summer, there will be occasional

outings, some of which will be held jointly with the Antioch Girl Scouts. The O. E. S. of Millburn chapter will hold the regular monthly card party at Millburn on Saturday evening, May 8, with Mr. and Mrs. Max Irving as chairmen. This is for the benefit of the building fund.

Nelson—Repke
Last Sunday afternoon at 2 o'clock at the Community church, Miss Ethel Nelson, second daughter of Mrs. Anne Nelson, became the wife of Lloyd Repke, of Northbrook, in a double ring ceremony in the presence of a few relatives and friends, with Rev. Dwight Dixon of the Community church officiating. The bride was attended by her sister, Mrs. Anne Rhoades and the groom's brother was his attendant. Both bride and bridesmaid wore blue suits, and the bride's brother, (Continued on following page)

ELMER HAWKINS

TAKE a clear day—a Dynaflo[®] Buick—and a mind open to new experiences.

Turn the key in the lock—press down the gas treadle—and set this mighty Fireball straight-eight purring. Now:

Flick the selector lever till the pointer indicates "D"—that's for driving. Feed a little gas—and see what happens.

Smoothly, you slip away from the curb. Silently you build up momentum. Effortlessly you cruise at whatever pace your treadle toe selects.

Look! you say. A stop light! What do I do?

Nothing special. Let up on the gas. Apply the foot brake as you need it.

That all? Won't the engine stall? Don't I shift?

That's all. Your engine won't stall. You don't shift. Just sit there till the coast is clear. Then step on it. Step hard and you're off like a rabbit. Step lightly, and you ease smoothly away.

What's happening? you want to know. What's doing the shifting? Some mechanical hand under the floor boards?

Not in this car, sir. Oil does it all—spinning oil. Oil whirling to give you starting surge—power build-up—efficient cruising—engine braking effect on hills.

Oil that does everything the usual low, second and high gears do—without any gearshifting on your part—and without the slightest break in your stride except when you want it.

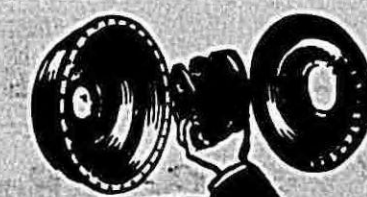

Say no more! I'm sold! Where do I sign up?

There's only one place. Only Buick has Dynaflo Drive, and no other American car has anything like it. With or without a car to trade, better see your Buick dealer first minute you can.

What's Different About
DYNAFLO DRIVE[®]?

To an efficient new pump (left below), Buick engineers have added a true turbine (right) and an ingenious new supercharging assembly (in hand) which produce a torque-boosting action in starting and accelerating. The result is the first device on any American passenger car which employs liquid to fill the function of both the clutch and the usual low, second and high gears. The clutch pedal is eliminated and a simple control gives you manual selection of power ranges and direction.

[®]Optional at extra cost on Roadmaster models only.

We Deliver

First Steam Locomotive
First steam engine to run on rails in America was built by John Stevens in 1825 and was operated on a circular experimental track on his estate at Hoboken, N. J. The Stevens contraption did not have practical application.

Put Children to Bed
Children never admit they are tired as long as there is some exciting activity going on, so it is necessary for adults to watch for the first signs of fatigue and quietly and calmly insist on bedtime for the youngsters. Parents who are concerned with the welfare of their children know that sufficient hours of sleep on level, firm sleeping equipment are of vital importance to normal growth and development.

City of Many Names
The ancient city of Rochester, England, figured many times in the works of Charles Dickens, who referred to it by name in "Pickwick Papers," "David Copperfield" and "The Seven Poor Travellers." In "Great Expectations," he called the city "Market Town," and in his "Sketches by Boz" he referred to it as "Mudfog."

Crude Oil Products
The oil industry has helped develop approximately 5,400 different products from crude oil. Petroleum is used as the base for thousands of essential products, ranging from lipstick to DDT and from candles to candles. A partial list of such products used in the home includes cellophane, rust preventives, sewing machine oil, cleaning fluids, laundry wax, insecticides, disinfectants, dyes, roofing materials, timber preservatives, furnace oil, gas for the kitchen range, and the now familiar plastic items in use as fittings, wall tiles, luggage frames, jewelry and gadgets of all sorts.

Big Loss From Pests
Losses in stored feed and grain will total 600 million dollars and the equivalent of 300 million bushels of grain unless control insecticides are sprayed or dusted, according to a department of agriculture report. Other insect losses cited include 150 million bushels of corn from the corn borer, 283 million dollars in cotton from the boll weevil. The annual loss from weeds has been placed at 3 billion dollars. Household pests, such as flies, mosquitoes, roaches, bedbugs and moths, cause inestimable loss in health and property damage.

Man, Told Death Is Near, Throws All Day Taxi Party

MEADVILLE, PA.—An elderly gentleman hailed a taxicab and ordered the driver to "cruise around."

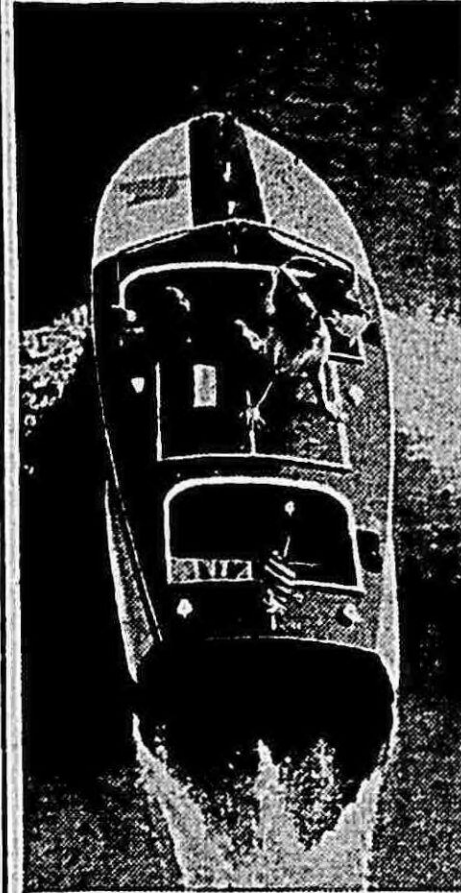

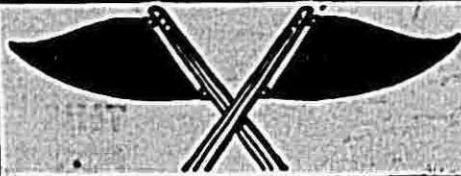

Throughout the day the driver, on his passenger's orders, accepted calls on his two-way radio. The passenger paid all fares.

At the end of the day the driver received a large tip when the passenger paid his bill. Thanking the gentleman, he asked him why he had made the day-long "good will" tour.

"My doctor told me I haven't long to live," the gentleman replied. "I'm spending my money according to my whims, and this is one of them."

Named After Hero

The word "academy" was derived from the name of a hero in the Trojan war. World Book encyclopedia says that the Greek philosopher, Plato, taught a group of young people in a grove which belonged to a military hero named Acadamus. In honor of the owner, the school was known as Plato's academy.

FACT AND SCRIPTURE

We are uncertain as to where we are going, and where we want to go, and why we are doing what we do.

—John Dewey
All we, like sheep, have gone astray; we have turned everyone his own way.

—Isa. 53:6
Every way of a man is right in his own eyes; but the Lord pondereth the hearts.

—Prov. 21:2
Say unto them, As I live, saith the Lord God, I have no pleasure in the death of the wicked; but that the wicked turn from his way and live; turn ye, turn ye from your evil ways; for why will ye die, O house of Israel?

—Ezek. 33:11
Look unto me, and be ye saved, all the ends of the earth; for I am God, and there is none else.

—Isa. 45:22
Emanuel Thiele

Equivalent of Milk
Figures on utilization of milk generally are in terms of the equivalent of milk containing 3.5 per cent butterfat. Where cream is included, the figures also have been converted to milk of 3.5 per cent butterfat content; i.e., to include one quart of cream of 19 per cent butterfat content in a tabulation of milk figures, the cream must be converted mathematically to the equivalent of milk of 3.5 per cent butterfat content.

Indiana Plants Trees
Approximately 780,000 pines of the jack, red and white varieties were planted in Indiana during 1947. The red and white were used for reforestation and windbreak purposes and the jack pine on waste regions and gullies.

The Lone Star State
"Friendship" is the motto of Texas. The bluebonnet is the official flower and the state bird is the mockingbird.

Steam Heat on Trains
Steam heated passenger cars, doing away with stoves or hot water heaters, were introduced in 1881. The system was improved in 1903 by introduction of the vapor system of heating.

Melanin in Eyes
Blue eyes and black eyes contain exactly the same coloring pigment, known as melanin. The difference in color is the result of the way in which light is reflected from the surfaces of the fibers which make up the iris. Black eyes also have more melanin than blue eyes do.

AUCTION

LEONARD — VOGEL — DE WANE — AUCTIONEERS

State Bank of Richmond, Clerking

Having fully decided to quit farming I will sell at public auction on the Black Hawk Trail Farm, formerly known as the old Herrick Farm, located one-half mile north of Miller's Corner, Ill., Route 173 and east on Wis. County Trunks C & 2 (Twin Lakes—Wilmot Road), on

ONLY FORD TRUCKS ARE Bonus Built

THEY'RE BUILT EXTRA STRONG!
THEY LAST LONGER!

Ford F-5 Chassis shown
14,000 lbs. G.V.W.

We'll Guarantee the Proof!

Life insurance experts studied life records of nearly 5,000,000 trucks over an 8-year period. They found that among the 5 sales leaders, Ford Trucks outlasted all others. The experts proved and certified that Ford Trucks last up to 19.6% longer. That's proof Ford Trucks are built extra strong. That's proof they're Bonus Built. That's the kind of proof we'll vouch for! Come in and let us show you the extra strength in some typical Bonus Built chassis features.

NEW FORD F-5

GROSS VEHICLE WEIGHT: up to 14,000 lbs.

BODY AND PAYLOAD CAPACITY: up to about 9,500 lbs.

CAB: New Ford Million Dollar cab with living room comfort.

WHEELBASES: 134-inch and 158-inch.

ENGINES: Choice of new 95 h.p. Truck Six or new 100 h.p. Truck V-8.

*BONUS: "Something given in addition to what is usual or strictly due."—Webster.

REAR AXLE: Quadrax, full-floating type.

BRAKES: Hydraulic, fixed anchor type; demountable drums with inspection hole for check of lining wear.
